Dear Mr. Saltus:-

In looking over Spink's Numismatic Circular, received to-day, I note the following recent decorations they have for sale under the caption "Decorations of the Allies" :

France
Legion of Honor, 5th class, £1 10s.
Military medal for Valor £1 1s.
Russia
Order of St. George, 3rd class £2 2s.
Belgium
Order of Leopold, 5th class £1 10s.

and the following book, "The Medals of our Fighting Men" by Stanley C. Johnson, three shillings eleven pence.

I was wondering if any of these items might interest you. Trusting that you have gotten rid of your cold, and hoping to see you up here soon, I remain,

Yours very truly,

Howland Wood.

Dear Sir,

We thank you for your favour to hand, but we have no letter from you of Feb. 14th date, nor have we had the remittance referred to.

Respecting the West Indian coins our friend Mr. Schulman asked for them practically all, and after making a selection, returned the remainder by the mail carried on the Prince Henrique which was seized by the Germans and taken to one of their ports. They are therefore lost to us we regret to say, and we have had to disappoint many customers in consequence.

Assuring you always of our best attention,

We are, Dear Sir,
Yours obediently,

1. Decorations of the 1st Earl of Auckland,

   a. Star and Sash of the Order of the Bath.

   b. Star set with diamonds and pearls of the 1st class of the Order of the Dooranee Empire. See Tancred p. 263. Native workmanship.

   c. Badge in gold and enamel set with diamonds and emeralds of the Auspicious Star of the Panjab. See Tancred p. 302 Native workmanship Price £275. 0. 0.

   The above orders are mounted in a glass case 20½ by 21½ inches.

George Eden 1st Earl of Auckland, 1784 - 1849, second son of the 1st Lord Auckland, entered Parliament as Member for Woodstock, and in 1814 he succeeded to the Peerage. In 1830 he was appointed President of the Board of Trade, and in 1834 was for a few months First Lord of the Admiralty. On the return of his friends to Office, Lord Auckland was appointed Governor-General of India, and quitted England in 1835 for the administration of affairs in that country. His administration was almost exclusively comprised in the expedition to Afghanistan.

In February, 1842, the arrival of Lord Ellenborough at Calcutta brought Lord Auckland's administration to a close and on his return to England he was created an Earl. On the accession of the Russel Cabinet, 1846, he was once more placed at the head of the Admiralty. Died 1849.

Dear Sirs:-

Our Society is interested in laying before Congress a bill to have several grades of medals awarded to our soldiers and sailors for different degrees of valor, &c. We would very much appreciate it if you could supply as soon as possible information regarding the number of orders and medals issued by Great Britain to her soldiers and sailors in the present war, also the order in which they rank, and in brief what they are given for. None of the books on the subject or accounts that we have seen quite answer the questions we want to know. We would like to know what official medals are conferred in this war on organizations or civilians not especially attached to one of the branches of the ~~rank~~ service, such possibly as Red Cross, Ambulance, Transportation, &c. We also desire photographs of some of these if they are obtainable. We have here

The Victoria Cross
The Distinguished Service Order,
Military Cross
Meritorious Service Medal, Edward VII.
Distinguished Conduct in the Field, Edward VII.

If it is possible to supply miniatures of any of those we have not listed, please send them over. If you can give us any information as to how many grades of the French Croix de Guerre there are, we would be pleased to receive it. We have one with the palm and one with a gold star, but understand there are several grades distinguishable by the star in other metals. Besides this cross, the Legion of Honor and the Military Medal, do the French bestow any other medals on their soldiers and sailors ?

We desire also to order two British medals, size one and three-quarters inches of Lord Kitchener.

Please make out whatever charges to The American Numismatic Society.

I beg to remain,

Very sincerely,

Curator.

Dear Sirs;

Through Mr Harrold E. Gillingham, we have just received a lead impression of a unique gold medal given by the Bolivian government to Gen.Suares, which Mr.Gillingham informs me,was obtained largely through your kind offices . We have had experience of the difficulty there is to obtain permission for such medals,and we are therefore in a position to realise how much your help has meant.

If you think it possible that a formal acknowledgement be sent to the representative of the Bolivian Government from whom you obtained this permission,please let me have his title and address. Again thanking you,I am,

Very cordially yours,

Secretary.

Gentlemen:

The Heissen and Hedjas coins have been received. I will remit for these shortly. I have also received a notice that I have not paid for the Spink circular for the current year. In a few days I will send subscriptions for Mr. Newell, the Society and myself.

We should be much obliged if you would send us, from time to time, on approval, any new oriental coins that may come in from Persia, Afghanistan and so forth. Of the Hedjas, we have the three nickels you have just sent us, a gold coin and a silver coin of about florin size of Hussein. Do you know of any others?

Dear Sir,

We thank you for your favour of the 16th December, which we did not reply to before as we had nothing fresh to offer you.

We have just been fortunate enough to secure a Rupee and ½ Rupee of Bache I Sacho, the Pretender of Afghanistan. These pieces, of which we have only seen the ½ Rupee once and never had the 1 Rupee, are apparently exceedingly scarce, as the gentleman from whom we purchased them, who was a member of the British Legation at Kabul, told us that only 400 were struck.

We are also sending you a most interesting Chinese dollar, details of which we have put on the Approval Note.

As far as we know, there are no other coins of the Hedjas apart from those you mention, except one dollar size piece in silver, of which we had one specimen some time ago, but we have never been able to get any more.

Yours faithfully,

Gentlemen:

Your favour of January 29th is at hand and we are keeping the Rupee and half Rupee; we are returning the Chinese dollar. We are not purchasing these at high prices as it has been our experience in the past two or three years that sooner or later the market drops very decidedly. In nearly every instance, about six or eight months later, we are able to pick up various Chinese pieces very reasonably. There are two people in China that supply these to New York, and after the first demands are met, these pieces can be had at almost their own prices.

We should be very pleased to have you keep us in mind with regard to new issues.

Gentlemen:

Some months ago we got a set of two nickel coins from you of Ibn Saud of the Hedjas. If you have another set in stock, we should like to have it, also any coins in nickel from Sarawak. Do you think you could locate a nickel coin from about thirty years ago, for Zanzibar? It probably was made at the Birmingham Mint, England. The reason I am writing is that one or two specimens came to light the other day.

Dear Sir,

In reply to your letter of the 21st ult., we regret that we have been unable to procure any more of the nickel coins of the Hedjas, though we have had several other enquiries for them, but we shall be glad to send another set on to you as soon as we get one.

We have pleasure in sending you on approval two nickel coins of Sarawak, which you may be able to use, but we regret we cannot supply you with the coin of Zanzibar which you mention. Curiously enough, we recently came across a set of three coins of this place (two copper and one nickel), which we had never seen before, and which we sold for about £5. Would you be interested in another set if we were successful in obtaining one? We understand that they were made by Heaton's of Birmingham, dated 1908.

Gentlemen:

Your favor of March 30th just at hand enclosing a gold larin. I have studied this piece carefully and I am inclined to think it is a modern fabrication. We have the same thing in silver with the same stamp. The wire is unlike any of the old larins, both in the silver and gold and also looks like a modern piece of drawn wire. Also it is made wrong. This was doubled over after it was stamped, while most of the old larins were doubled over in the round and stamped afterwards. I am herewith returning you the piece. I wish to thank you for sending it on.

Dear Sir,

We thank you for your favour of the 12th instant with the gold Larin returned, and note with interest your remarks. We have never had occasion to suspect it until now, and had actually purchased it from a collector who does claim to know something about Oriental coins.

However, there does seem to be a certain amount of justification for your criticisms, and should we have the chance of submitting it to Mr. Codrington, who has been out in Ceylon for many years, we shall be only too pleased to do so.

Dear Sir,

We thank you for your letter of the 16th, informing us that you are returning a number of coins from the last two consignments we sent to you, and that you are keeping items to the amount of £1. 4. 6.

We have accordingly charged these to the Society's account, and will send our receipt as soon as the money comes to hand.

The returned coins have also arrived to-day, and are quite in order.

Dear Sir,

We now have pleasure in enclosing the Dollar of the year 22, without the Sun on the reverse, which is the one you were enquiring for.

At the same time we take the liberty of enclosing two extremely interesting Chinese coins which have just come into our hands. They are apparently extremely rare, and we have only been able to trace one other pair.

Our correspondent informs us that the following is a translation of the Chinese inscriptions, but we have not been able to obtain a translation of the Russian. The obverses of the coins are alike and read -

"Come and unite the Proletariat of the whole World."

The reverse of the coin with Chinese inscriptions only reads :

"Soviet Government of the Hupeh, Honan and Anhwei Provinces - minted in 1932 by the Bank of Labourers and Farmers."

The other one has in Chinese only -

"Minted in 1932."

and the Russian inscription, which as far as we can make out is "Soviet Chinese Republic". The value in the centre is of course 1 Van (Dollar).

It is interesting to note that the date is written "one nine three two" in the four Chinese characters according to Western use.

We feel sure that you will be interested in these coins, which we have offered nowhere else.

Yours faithfully,

I beg to acknowledge the receipt of the coins and your letter of December 19th which came while I was away. We will keep the one with the Chinese junk - the other two we are holding a short while longer. We are much interested in these but in this instance we consider the price a good deal more than we wish to pay, especially with the exchange as it is. We are tempted to ask if you could make these cheaper, but really if we should take them they would have to be very much cheaper. I am holding them to see if we can interest anybody in them. Dear Sir,

We thank you for your favour of the 22nd ultimo, and note that you are keeping the Sun Yat Sen Dollar, for which please find our invoice enclosed.

With regard to the other two coins, we can assure you that they are extremely rare, and were it not for the fact that we had to pay a very high price to secure them, you may be sure that we should have passed them on at a much lower figure. In order to meet you as far as possible, we can reduce the price by 10%, but if you cannot see your way to retain them or interest someone in them, we shall be only too glad to have them back, as we feel that they are real rarities.

We can assure you that they are in quite a different category from the flood of so-called Chinese Dollars which have been released during the last few years; and these coins do represent a genuine attempt at a Chinese Soviet currency.

Gentlemen:

We have received no new issues from you of late. I know there have not been many but I have noted in recent numbers of the Circular certain pieces you have not sent to us. Can you supply us with a shilling and six pence of Mauritius of 1934 - I find we have only the Florin of this year. The George V crown issued this year on the occasion of the Silver Jubilee I presume is rather expensive. Will you let us know what you can supply one for.

Dear Sir,

To thank you for your favour of the 17th instant, and most regret the dilatory way in which we have handled the New Issue business the last few months, but this has been due to the enormous pressure of work in connection with the Jubilee.

We are here [illegible] in enclosing these two leaflets, [illegible] fully, with the utmost pleasure [illegible] as desired.

The Jubilee Crown issued this year is not at all expensive, and we can supply a perfect specimen for 3/6d. The expensive one is the Proof, which differs only from the ordinary issue by having the raised inscription on the edge, of which we can supply a specimen at £3.10.0.

We notice you have illustrated two Persian nickel coins, Ethiopian nickel for 10¢ and smaller ones in bronze. You have just sent us the Danzig 1½ Gulden piece. We understand there is also a 5 Gulden. We have not as yet the 100 and 50 Leva of Bulgaria for 1934. We also understand there is a 5 Mark Hindenburg piece of Germany. Gentlemen:

I am very glad that you wrote us concerning the Austrian 100 shilling and 25 shilling before sending them on. In this case we do not care for either piece. We, however, do want some gold and it would be well to write us first asking if we should want it because if we do not it is now difficult to return it as the government requires us to make out a whole series of permits to export gold. We have just received your communication of December 24th enclosing three coins valued at 11 shillings 9 pence on approval sheet 13532. You need not send bill for this but we will remit later when we have other money to send you. If you have in stock the halfpenny and penny of Southern Rhodesia you might include them in your next invoice. Outside of two commemorative coins we have none of the recent Esthonian pieces.

Dear Sir,

By separate post, registered, we have much pleasure in sending you, addressed simply to the American Numismatic Society and without any indication of value, an extraordinarily interesting Chinese gold coin (or rather coins) discovered some time back in China, although the exact location was not given to us by the finder.

In 1934 we had the piece carefully examined, not only by Professor W. Perceval Yetts of the Courtauld Institute of Art, but also by Sir James Lockhart who incidentally had never seen such a specimen; and we append the report that Professor Yetts very kindly prepared at the time.

We have intended all along sending the coin to you, but we were precluded from doing this by a proviso made by Professor Yetts that we were not to publish the information, as he was desirous of doing this himself. This prohibition has now been removed, in so far as he has temporarily abandoned the plan of publishing

the coin, but at the same time he would not under any circumstances like the information he has supplied to be used without reference to him.

He is convinced that the coin is a find of the first magnitude, and it is interesting to realize also that there is no specimen exhibited at the Chinese Exhibition, which is taking place just now in London, or any piece of like quality or rarity.

We feel sure that you will appreciate the extraordinary importance of this piece, and we trust that the Society will avail itself of this opportunity of acquiring this specimen, which has not been shown elsewhere. It might form a further link with the small gold piece you kindly showed to Mr. Forrer when he was over in 1933.

You will of course be aware of the standing of Professor Yetts, who incidentally is one of the Executive Committee of the Chinese Exhibition of which we send you a catalogue under separate cover.

We shall await your report with very great interest.

We have not tried to sell these coins yet, as we should like you to have the first refusal of them.

We also send one of the small silver Jubilee Medals, and are sending you the official cardboard case, which is of no value but you may care to have, by separate post. There is also the larger size medal in leather case at One Guinea, also struck in pure silver, should you desire to have a specimen.

Gentlemen:

I beg to apologize for not having written you concerning several letters received during the past two months.

In regard to your favor of Feb. 12th, we have done our best to interest our members in purchasing the Chinese gold coin but have failed in raising enthusiasm or funds. In fact, we have been unable to interest those with money in contributing to the purchase of several other coins we had desired of late. Although times are better with us, they are very uncertain. Taxes in the future are causing everyone to be very wary and as both State and Government Income Taxes came due last month and this month, few are committing themselves. Consequently I am returning the coin although we are sorry to see it leave this country as we consider it a very desirable item, although the price is high.

In the same enclosure are four coins, Item 3 of your invoice of Feb. 19, #13629. These coins are being sent under separate cover registered and insured. The rest of these coins we are keeping, amounting to £3.3.3.

One reason for the delay in returning the Chinese coin was because we have been waiting for three weeks for a license to export gold out of the country.

In regard to your letter of February 14th enclosing the Soviet Chinese coins, we are keeping these, your Invoice #13633. This amounts to £10.17.6. We are directing our bank to send you a check for £14.2.9, covering the two invoices that we are keeping. These Chinese Soviet coins we were very glad to be able to obtain. If you have any new issues to send we would be very glad to see them.

Very truly yours,

Dear Sir,

We have pleasure in submitting one or two very new issues and particularly in bringing to your notice the coins of Bahawalpur.

The issue was quite a limited one and delivered to the Maharajah himself, so that the coins will not come into circulation except when so placed by the recipients, since the issue is not going through the Treasury.

15 gold proofs and 25 silver proofs were authorised and we think that you will be well advised to secure these two interesting pieces.

Yours faithfully,
For SPINK & SON, LTD.

Gentlemen:

Your invoice of June 11th reached here sometime ago but owing to being away at the time and later desiring to submit the Bahawalpur coins to Mr. Newell, I have delayed answering.

We have decided not to keep these coins on account of limitation of funds and also we do not go after proof coins. If, however, later, regular coins come out we would be interested.

I am herewith returning these two on your Invoice 527.

I am also returning one on Invoice 471 which we already had.

I therefore make your bill to us £ 1.0.6.

Dear Mr. Howland Wood,

I have very much pleasure in informing you that the package of South American gold coins which we were unable to clear on my visit has safely arrived back, so that "the incident is now closed", as they say in diplomatic language. I am so sorry to have caused you a certain amount of bother over it, and next time I shall know how to handle the matter.

There are a few new issues which have come in recently, which I venture to send along for your inspection.

Gentlemen:

We presume that you have been very busy with Coronation business. We are still looking for new issues and would be glad to receive some. We understand there has been a new Liberian coin; also a few years ago a half rupee was made at Calcutta for Bhutan. We were wondering also whether any new coins have come out for Manchukua. We have the four coins made in the second year. Also, have you received any very recent Afghan coins?

We have all of the recent Brazilian issues which are very attractive.

Dear Sir,

We thank you for your favour of the 22nd ult. and regret that we appear to have neglected you as far as new issued are concerned. We have been very busy and it has been difficult to keep track of new issues as andwhen they came in.

We unfortunately cannot supply the new Liberian nor Bhutan coins, but we are making enquiries for them, nor have we seen any further new coins for Manchukuo, and Afghanistan seems to be a closed frontier as far as coins are concerned.

We have pleasure, however, in sending you a small selection of new issues which have recently come into our hands and trust that you may be able to retain a few of them.

Dear Sir,

We thank you for your favour of the 28th ult. with the return from Approval Note 1827, which we have found quite correct.

We note that you are remitting 16/6 and are keeping the invoice so that we may let you have our official receipt in due course.

As desired, we have pleasure in enclosing a further set of the new German subsidiary coins, also a 10 Piastres of the Yemen at 5/- as desired.

Together with these we are sending you a few new coins, including a new set of Italian coins, issued for the Italian Empire with the date 1936, Year XIV. The coins with that date issued to commemorate the conquest of Ethiopia are likely to become exceedingly rare, as they were only issued in a limited number in order to have coins of that particular date and mostly given only to high officials. We thought you would probably like to secure a set whilst this was possible.
